SYMPLAST MEETING

We want your feedback!
We appreciate your patience with us while we have worked to optimize Symplast and provide this vital service of live orders to the ARI Network. If you have questions bout the software or feedback you would like to discuss with us. We have scheduled three separate times over the next several weeks for members to chat with our Symplast Team to help us improve the utilization of the platform.

We hope that you will join us for one of the below dates!

July 28th, 5pm - 6pm
August 8th, 1:30pm - 2:30pm
August 30th, 6:30pm - 7:30pm

Please rsvp by emailing info@injectinjectables.com the date and time you would like to attend.

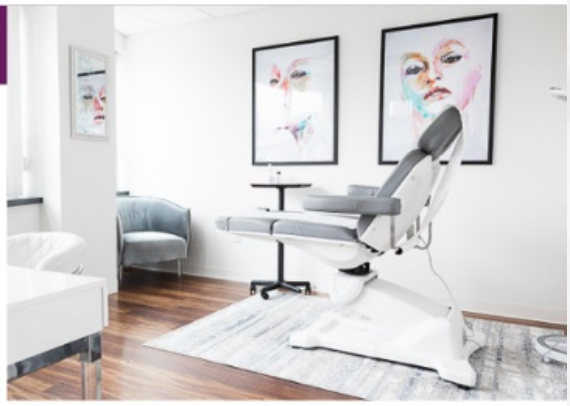
JOB OPPORTUNITIES!

Audrey Rose Institute

We are seeking a dermal filler clinical instructor who is available once a week. The qualified candidate will help guide student injectors during their hands-on portion of dermal fillers.

Qualifications:

- 2 years of experience
- Comfortable with teaching dermal filler injections



Infinity Medical Spa

Enjoy a beautiful, serene, Egyptian boutique-style medical spa working alongside a caring, friendly and fun team and performing unique noninvasive treatments. This position is part-time, leading to full-time for the right individual. Full-time staff will enjoy free services, products at cost, vacation time, and sick time. We are looking for an enthusiastic, energetic, personable, friendly, intelligent & passionate person who is knowledgeable in the aesthetics industry. The qualified candidate will be proficient at cosmetic injections and have a good understanding of the full Allergan line of Dermal Fillers & Botox, Bio-Identical Hormone Therapy & PRP Treatments (to be trained), and more. We are currently looking for someone for a minimum of two days a week or more. Must be open to working Saturdays and /or Sundays. Massachusetts Registered Nursing License required.

Responsibilities, Requirements, and Qualifications:

- Facilitate new patient consultation & health history review.
- Create & execute a customized treatment plan for each client.
- Provide after-care/ongoing care information & resources to patients.
- Ensure patient records are kept up to date.
- Consult with other healthcare professionals as needed.
- Deliver quality, physician-level care while complying with company policies, safety regulations & productivity metrics.
- Able to recommend, promote & sell medical aesthetic services & products to clients.
- 3+ years of injecting experience

Please email your cover letter & resume to: Jasmin@InfinityMedicalSpa.com

INJECTOR SPOTLIGHT

Erica Walker, RN @enhancedby.ericamarie

Erica has always had a passion for beauty! As a teen, she was the go to for hair and makeup; when prom rolled around, You could find her helping others feel beautiful! After years of bedside nursing, Erica realized she missed that feeling of making people look and feel like their best selves. With her love and compassion for making others feel good and her medical background, Erica thought this would be the perfect opportunity to utilize her nursing degree and desire to be in the medical aesthetics field!

A very good friend referred Erica to the Audrey Rose Institute of Medical Aesthetics. It was here that Erica started her journey in medical aesthetics. At the very beginning of her career, Erica rented her own small space and eagerly started booking Botox clients. With a strong desire to continue learning after taking her intro classes, Erica took any opportunity to shadow fellow injectors and later joined the Fellowship Program at the Audrey Rose Institute. Since then, Erica has given up her own space (with the desire to someday have her own med spa) and continues seeing my own clients out of the ARI Rental Suites. I have also landed my dream job with Audrey and her team, teaching Intro Courses at ARI and seeing clients at Ageless Weighless! Erica cannot wait to continue learning and perfecting her craft to create the best possible outcomes for all her clients! When Erica is not injecting, she enjoys spending time with her beautiful children and husband, who is her high school sweetheart!
